

# Effervescence Housing Application

*Effervescence* is a special interest house dedicated to QTPOC (Queer & Trans People of Color)! We are located at 70 Weybridge Street.

Our mission is to foster an inclusive space for gender/queer people and their allies while centering trans people of color. We will be having events throughout the year to engage with Middlebury students and garner interest for future potential residents and celebrate the gamut of queerness.

This house was created to highlight the intersectionality between communities of color and queer communities – a kinship that Middlebury is lacking to cherish. In doing so, open conversations and restorative initiatives will be used to educate both residents and the community.

We will be engaging with LGBTQIA+ issues that are present on and off campus – to recognize these problems and devise an appropriate and executable solution is a goal for all of us.
